

Thinking about
an e-portfolio?

WE UNDERSTAND...

Everyone has their own thoughts about e-portfolios and because you have your own ideas, we have taken time to understand and take into account a number of different ways of working. This enables us to ensure that NVQnow offers the fewest compromises when you make the switch from paper-based assessment.

You know the story. You buy something and then you realise that it didn't tick all the boxes. We understand that, so you can rest assured with NVQnow. We are a tried and tested e-portfolio and we have made sure that just about anyone can work with and use NVQnow.

Above our sense of dedication to you, we believe we're honest and if we don't think an e-portfolio will suit you then we will say so, but we'll also help you understand what you can do to make sure that you can have an e-portfolio. As more people than ever realise that e-portfolios are just another step forwards, what will you decide to do?
